0300 45 64 299

www.aquarius.org.uk

Opening Hours: 9 - 5pm

Aquarius provides a free confidential service to all residents of Shropshire who are affected by their own, or someone else's problems with alcohol. We provide information related to the harms associated with alcohol and work with clients to overcome the particular challenges they face.

Help and support is available to all Shropshire residents aged 18 and over, family members, carers and concerned others.

Services can be accessed by speaking to a health care professional in a GP surgery or by contacting Aquarius directly on 0300 45 64 299.

Services are
delivered from a
central location
in the heart of
Shrewsbury

In addition, Aquarius provides an onsite Hospital Alcohol Liaison Service from the Royal Shrewsbury Hospital, and delivers outreach services from various GP surgeries across the country and community venues in Oswestry, Whitchurch, Market Drayton, Ludlow and Bridgnorth.

Service users will receive a confidential, discreet, friendly, supportive service, delivered by experienced, well trained, professional staff.
